DETAILED ACTION

Continued Examination Under 37 CFR 1.114

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on September 17, 2004 has been entered.

Allowable Subject Matter

Claims 1-3, 5 and 8-12 are allowed.

The following is an examiner's statement of reasons for allowance: The prior art of record and to the examiner's knowledge does not teach or render obvious, at least to the skilled artisan, the instant invention regarding the method of making a semiconductor device particularly characterized by forming a flexible foil which has an electrically insulating layer and a conductive layer and attaching the flexible foil to a chip, and in combination with detachably securing the flexible foil to a substrate on the side of the conductor pattern, as recited in claim 1. Claims 2, 3, 5, and 8-10 are dependent upon claim 1. Claims 11 and 12 were noted as allowable in the previous office action, dated June 15, 2004. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
